

# Gannon University HARD payload

Status Report #9

9/27/2013

## **1. Achievements/Work in Progress**

- Gannon payload successfully flew in the HASP 2013, while collecting approximately 6 hours usable data
- Received the payload after the flight and started final testing of the payload for final scientific report
- Proceeded to analyzing flight data

## **2. Issues**

- No major issues.

## **3. Next Steps**

- To finish final testing of the payload
- Continue to analyze data
- Begin work on the final project report.

## **4. Current team members and leader**

Aaron Neiman, Computer Engineering (HASP 2013 Team Lead)

Bennett, Joseph, Electrical Engineering

Codi Wasser, Computer Engineering

Kelvin Joefield, Electrical Engineering

Yousef Samkari, Electrical Engineering

Dr. Wookwon Lee, ECE Faculty Advisor

Dr. Nicholas Conklin, Physics Faculty co-advisor

Prof. Donald MacKellar, ECE Faculty co-advisor
