

# STEM Programming In Libraries & LaSpace Partnership Possibilities

# GOAL: Build A Maker Mentality Throughout the Community

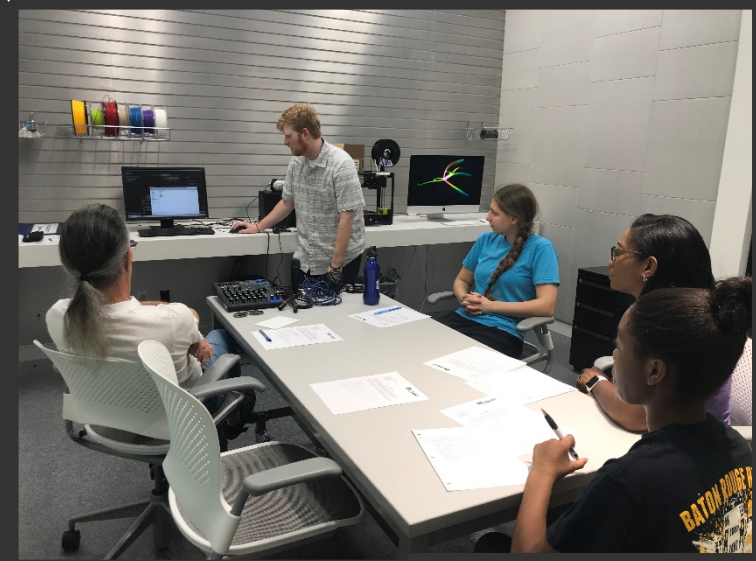

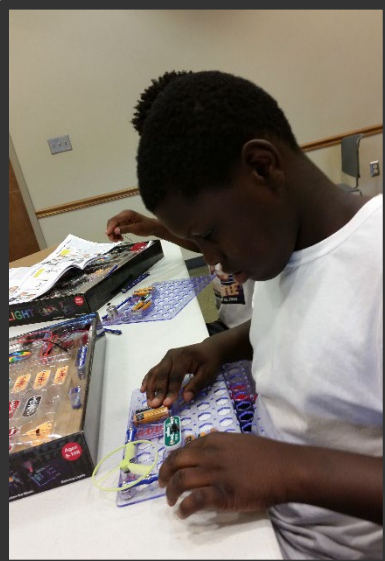

# Why the Library?

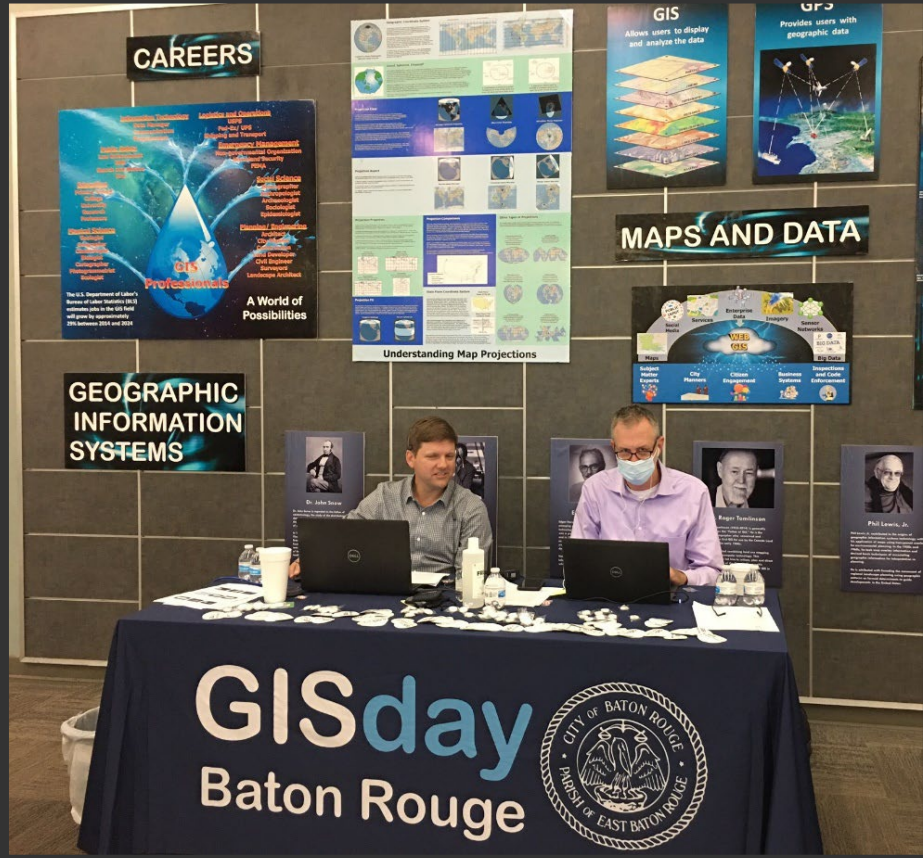

Programs, services, resources for every age & interest

 **East Baton Rouge Parish Library is ...**  
**at Main Library at Goodwood.**  
Yesterday at 1:23 PM · Baton Rouge · 🌐

**We have a Nobel Prize winner in the house!**  
**World-renowned physicist Dr. Gabriela González is here for Saturday Science!**  
**#ebrpl #batonrouge #ligo**

**Having some virtual reality fun!**

A booth for GISday Baton Rouge. The booth features several informational posters on the wall, including "CAREERS", "MAPS AND DATA", and "GEOGRAPHIC INFORMATION SYSTEMS". A table in the foreground is covered with a blue cloth that has the "GISday Baton Rouge" logo and the City of Baton Rouge seal. Two men are sitting at the table, one is using a laptop. The booth is set up in a well-lit area with other people visible in the background.

# Partners Are Everywhere

- Colleges and Universities
- Local public, private and parochial schools
- National organizations and associations ... NASA, GIS Day, Coding, Geaux Science for Girls, Hackathons, Nation of Makers, etc.
- Government agencies at all levels
- Clubs and local organizations
- Private business and industry
- Commercial vendors
- Museums
- Media

**We're hosting a HeboCon at this year's Mini Maker Faire. Build the best worst robot out of trash, and send it to fight other terrible robots for a shot at glory! May the worst robot win! Register here: [ebrpl.co/3pf124N](http://ebrpl.co/3pf124N)**

**HeboCon at Baton Rouge Mini Maker Faire**

1 pm Saturday, Oct 23rd  
Main Library at Goodwood

Come compete in the greatest badly built robot sumo battle around!

HeboCon is a celebration of failure and the technically ungrilled as they fight their terribly built robots!

### Stone Soup Philosophy

# It's ALL Scalable

- Workshops, lectures, seminars
- Demonstrations
- Badging for Individual Use
- Make and Takes (i.e. Grab and Geaux)
- Virtual presentations
- Hybrid models
- Online, on-demand learning and virtual demonstrations
- Live Expos to showcase makers and innovators
- Maker Faires and Pop Ups
