Regents (La BoR)

Open Consortium Model / Diverse Affiliate Network

Open consortium model:

- Any organization with a complementary mission to LaSPACE may join the consortium simply by asking to via a letter of request!

Process to become an affiliate:

- Submit a letter of request (we provide a template) to join the consortium, which:
 - Is on official campus/organization letterhead
 - Names an Affiliate Representative to LaSPACE
 - Includes full contact info for the Affiliate Rep
 - Is signed by an AOR
 - Includes a short CV for the Rep

*****Use Official Letterhead for your Institution***** (Delete this line)

Month, Day, Year

BoR #1 Affiliate: LaSPACE and EPSCoR Funding

Board of Regents Support Fund (BoRSF)

- Established in 1987
- Funded through interest earnings from a Trust Fund
- Constitutionally designated
- Improve educational quality and foster research faculty and students, and infrastructure

LaSPACE

- *Continually funded since 1996*
- *Match: \$250K per year*
- *Total Match Funding since inception*
 - *\$6.25M*

NASA EPSCoR

- *Continually funded since 1994*
- *Managed by BoR in coordination with NASA EPSCoR PI (who is also LaSPACE PI)*
- *Total Funding since inception*
 - *\$21.2M in NASA Funds with 17.5M from BoR*

Affiliate Benefits & Expectations

Affiliate Membership Benefits:

Anyone employed at an affiliated institution, who has the authority to serve as a PI at their institution, is equally eligible to submit proposals and compete for funding in program areas which serve their populations.

We have very few non-subawarded programs that are run instead as direct to student competitions. For those, any student of a higher education affiliate may compete. NASA-relevance is the only other qualifier.

Affiliate Membership Expectations:

- Appoint & maintain a LaSPACE affiliate representative who will:
 - Participate in LaSPACE meetings,
 - Disseminate opportunities on their campuses,
 - Contribute program development & implementation ideas,
 - Provide concurrences for proposals

Affiliate Reps volunteer both their time and expertise and do not receive FTE from LaSPACE for this role, though representatives with funding tend to be more active participants in the consortium overall.
